Senior Boys' Camp-Conference Lake Junaluska, June 25 to July 6, 1920

One of the first things asked for by the Superintendent of the Intermediate-Senior Department, when he came to headquarters, was a Camp-Conference for older boys.

Any one who has gone camping knows what fun it is, and a conference of picked boys on a beautiful lake in the mountains offers about the best outing one can imagine.

Lake Junaluska

Lake Junaluska is situated in the Blue Ridge Mountains, twenty-five miles from Asheville, N. C., on the Asheville and Murphy Branch of the Southern Railway, between Asheville and Waynesville, and offers an ideal spot for a camp. The varied shore line of the lake is five miles in length, and Eagle's Nest, Mt. Junaluska, and Platt's Balsam mirror themselves against the background of blue sky in a lake which offers abundant opportunities for swimming, rowing, and various water sports.

The Camp-Conference

The Senior Boys' Camp-Conference is not an ordinary vacation camp, but it is to be a real training camp where recreation and work are joined in a well-balanced, helpful, attractive program.

The Intermediate-Senior Department of the General Sunday School Board is promoting this Camp as a model and as a Training Conference for boys from fifteen to seventeen years of age.

All of the work and play is educational, and the recreational and service activities of the local Sunday school will be kept in mind.

The boys themselves will be given a large part in planning their own program of activities under expert leaders.

One aim of the Camp-Conference is to teach these older boys to be leaders in their home schools.

Some of the outstanding boys' workers in the South have been secured as group leaders.

The boys will be housed in army tents or huts with an adult group leader for each eight or ten boys, who will eat, sleep, work, and play with the boys and be a friend and companion.

Recreation

Ample opportunities will be afforded for wholesome recreation, including swimming, boating, mountain-climbing, athletic sports, and all kinds of outdoor games.

The mornings will be spent largely in a well-arranged program of activities and work, and the afternoons will be given over to athletics and recreation. In the evening the Camp Circle will be a strong feature.

"Did you ever watch the camp fire

When the wood has fallen low

And the ashes start to whiten

Around the embers' crimson glow;

With the night sounds all around you

And a full moon high above you,

That the spell may be complete?

Tell me, were you ever nearer to the
land of heart's desire

Than when you sat there thinking,

With your feet before the fire?"
